

World Environmental Health day 2023

INTERMEDIATE & SECONDARY SCHOOLS COMPETITION

**Be in to win a \$200 donation to YOUR School
PLUS a \$50 prezzy card for YOU!**

How to enter:

This competition is open to all New Zealand intermediate & secondary school students Y7-13.

Environmental Health is the profession which aims to protect and promote human health in the following areas: food safety, ensuring the water we drink and play in is safe, having good quality air to breathe, ensuring the land we live on is safe, working to prevent pollution and waste in our environment and manage problems which may cause possible health risks such as unwanted pests and effects on human health.

Study the picture above and list at least **FIVE (5)** examples of possible environmental health hazards for your chance to win!

Your entry must contain the following: an emailed list of at least five examples along with your name, year level, school, parent/guardian or teacher contact email and phone number.

Email: info@nzieh.org.nz no later than **12pm Wednesday 20 September 2023** and you're in to win! No late entries will be accepted. Entries missing the above information will be invalid.

The prize for the winning entry is a \$200 donation to your School. The donation will be made by NZIEH on your behalf. The winner will also receive a \$50 prezzy card for themselves. Winner will be notified by email and announced on the NZIEH website www.nzieh.org.nz and facebook page on World Environmental Health Day - 26 September 2023.
